

St. Anthony Catholic School in San Antonio, FL seeks a full-time technology educator and IT specialist for the 2017-2018 school year. The candidate should be versed in network capabilities, wifi networks, filtering components, and server maintenance. The candidate for this position will also work directly with teachers, administration, and staff to implement 21st Century technology skills and programs that support student achievement and integration of technology as an integral aspect of the teaching and learning experience. This position requires that the candidate is able to assist in moving the technology vision and mission of the school toward a digital platform for the upper middle school grades, as well as access to technology in the primary level grades. Knowledge of budgeting, long-term planning, and implementation of programs is essential. All candidates must pass a Level II Fingerprinting and Background Screening. The position will remain open until the position is filled. The position begins 7/1/17.
